"LOW SMOKE", semi-synthetic 2-stroke engine oil

Semi-synthetic, low-smoke high-performance motor oil for all 2-stroke engines, particularly recommended for use in highly loaded operating conditions.

This high-quality 2-stroke engine oil is suitable for European and Japanese motorcycles, scooters, go-karts and machines.

Properties and features

- · Low smoke: significantly reduced exhaust smoke
- Excellent engine cleanliness: clean combustion prevents the formation of high-temperature deposits
- High protection against wear, even under extreme operating conditions
- It is suitable for mixed and separated lubrication

Use

This high-quality 2-stroke engine oil is recommended for all 2-stroke engines, such as motorcycles from European and Japanese manufacturers, scooters, go-karts, lawnmowers, chainsaws.

Also ideally suited for high-speed working machines and professional chainsaws.

Can be used for mixed lubrication up to a concentration of 2% (1:50) - according to manufacturer regulations - as well as for separated lubricating systems.

Observe manufacturer's specifications and instructions before use.
